SKILLS

Languages: Python, TypeScript, JavaScript, SQL, R, Stata, SPSS, Appscript, Bash, HTML, CSS, Git
Data, ML & AI: PyTorch, Scikit-Learn, Pandas, Polars, DuckDB, NumPy, Model Context Protocol (MCP), Claude Code, Agentic Systems
Cloud & Infra: Google Cloud Platform (BigQuery, Cloud Run, Pub/Sub, Cloud Scheduler), AWS, PostgreSQL, MySQL, Vercel
BI & Analytics: Looker Studio, Tableau, PowerBI, Advanced Excel & VBA, Google Analytics 4, Google Search Console
Design & Creative: Figma, Framer, Adobe Photoshop, Canva, Classical Piano (Theory & Performance)

WORK EXPERIENCE

Pluc.tv **Nov 16, 2026 – Present**
Data Scientist *New Delhi, India*

- Architecting end-to-end data science systems, automated creator intelligence pipelines, and audience growth analytics for digital storytelling platforms.
- Developing predictive engagement models and content recommendation clustering to maximize reach and creator monetization.

ABP Network **Aug 17, 2025 – Aug 7, 2026**
Data Analyst *Noida, India*

- **Competitor Intelligence Tool:** Built automated sitemap extractors to track article publishing frequency and velocity across competitor news portals, steering editorial distribution strategy.
- **Comscore Automation:** Streamlined demographic data cleaning workflows, reducing manual processing overhead and enabling real-time executive audience insights.
- **Demographic & Viewer Analysis:** Uncovered key age, gender, and regional cohort shifts across digital platforms to inform strategic programming.
- **SEO Optimization with Blended Data:** Merged Google Trends with Search Console data pipelines to pinpoint breakout search queries and boost organic discoverability.

ABP Network **May 2024 – Jul 2024**
Data Analyst Intern *Noida, India*

- Automated data validation and normalization with custom Excel VBA macros, reducing dataset inconsistencies.
- Engineered interactive Looker Studio dashboards for real-time editorial tracking and market trend visualization.
- Built serverless cloud workflows on GCP (Cloud Run, BigQuery, Pub/Sub, Scheduler) for continuous data ingestion.

Max Life Insurance **May 2022 – Jul 2022**
Research Intern *Gurugram, India*

- Analyzed institutional claims data to identify loss trends and supported strategic underwriting risk mitigation initiatives.
- Built reporting automations and conducted analytical training to promote data-informed operational decision making.

EDUCATION

Christ University **Aug 2022 – Jun 2025**
B.E. in Computer Science and Engineering | ***CGPA: 7.55 / 10*** *Bengaluru, India*
Relevant Coursework: Econometrics, Statistics, Time Series Analysis, Regression Modeling, Hypothesis Testing, Game Theory, Monetary & Fiscal Policy, Data Visualization, Financial Accounting, Market Structures, Python for Data Analysis.

SELECTED PROJECTS & OPEN SOURCE

- **Multi-Agent Trading Bot (AlphaLens):** Institutional-grade quantitative research framework, cross-sectional factor screening, macro regime detection, and Alpaca execution pipeline.
- **Datara:** Unified multi-product media intelligence and ingestion engine for YouTube metrics, sitemaps, and Reddit trends.
- **Pac-Fly:** AI-powered flight price monitoring and intelligent booking agent with real-time fare tracking and predictive alerts.
- **trends:** Unified real-time multi-platform trend scraper and intelligence dashboard for Google Trends, Reddit, Hacker News, and Wikipedia.
- **nextroom & Timeline:** Collaborative real-time audio/space web application and visual timeline builder for interactive career milestones.
- **Open Source Contributions:** Merged PRs in Google Research (timesfm #539), Confident AI (deepeval #3431), Model Context Protocol (servers #5145, #5107), DSPy, and Hugging Face Smolagents.

AWARDS & CERTIFICATIONS

- **Junior Diploma in Piano:** Demonstrated proficiency in classical music theory and performance.
- **Stanford University:** Completed Statistics course on Coursera with honors.
- **Google Data Science Specialization:** Professional certification in data analytics, cloud databases, and statistical pipelines.
- **Top 10 Finalist, Cryptic Hunt (VIT Chennai):** Honed high-stakes algorithmic reasoning, cryptography, and logic puzzles.
- **Introduction to Psychology (Swayam - Ministry of Education):** Academic coursework in human cognition and behavioral patterns.
